## IOS Mid-Year Convention 2009

It is a great pleasure to invite you to participate in the Mid year convention to be held in the "Land of Smiles" - Thailand from 9<sup>th</sup> to 14<sup>th</sup> April 2009. This convention is unique in the sense that it is first time that a mid term convention is being held beyond the national boundaries of India and hence the theme- **BEYOND BOUNDARIES-2009**.

Aptly, it is being held in a south east Asian country, to provide a forum for greater interactions, especially when the Indian Orthodontic Society is on the verge of being a host to the Asian Pacific Orthodontic Conference in 2012, Delhi

Thailand offers an unbeatable combination of Eastern Exoticism and Western Modernism that brings ten million people a year to the country's gorgeous beaches and magical countryside.

### BANGKOK

To the Thais, Bangkok is "Krung Thep" - City of Angels. While there is little angelic about this frenetic, vibrant city, there is certainly a heavenly combination of flavours, sights and experiences that seduces everyone who visits here.

The capital of Thailand since 1782, Bangkok balances its exuberant modern development with a reverent celebration of traditional Thai culture - most evident in the glorious past and the extraordinary food. The nightlife is legendary, ranging from an evening of kick, boxing to a peaceful walk on scenic exteriors.

### PATTAYA

The focal point of this resort town is quite naturally Pattaya's beach. The northern part is quieter while the southern end has a reputation for being lively and sociable, with lots of shops, restaurants, bars and nightclubs. The water is perfectly clean for swimming and aqua sports, although if you are looking for privacy you are better served by the private resort beaches. Jomtien Beach, 4km south of Pattaya, is the least congested public beach and is a popular place for windsurfers.
