# President's Message

Dear Fraternity Colleagues,

With the start of auspicious & festivities month, I bring with me immense gratitude towards all of you for imposing faith on me and electing me to this Distinguished post of President of IOS.

I wish to carry on the legacy & phenomenal work done by the past office bearers and would focus on research which is the need of the hour in present scenario.

It is indeed a pleasure to connect with our IOS family by the most sought after publication i.e. IOS Times.

I am privileged to lead a team of young & energetic Executive Committee members who have great enthusiasm to work for betterment of society.

I greatly admire and appreciate the crisp hard work done by our past editor - Dr. Kannan Sabapathy and his team of section editors in the last term.

I am sure with Dr. Santosh Ramegowda in command we would be able to add more flavours in issues to come.

The theme of the year 2022-23 is Fostering Smiles Globally & with your support, I would make sure to mark a etched image of IOS on Global map for advancements in Science, Research and Clinical Practice Management.

Jai Hind, Jai IOS !!!

Fraternal & Brotherhood Regards,

**Dr. Balvinder Singh Thakkar**

President IOS

# Secretary's Message

Esteemed Members of Indian Orthodontic Society,

First, I congratulate each one of you for being part of 56 years celebrations of IOS. This is the time to revisit our milestones of the progress and celebrate achievements of our organization. Let's also convey our gratitude and show our respect to all the leaders of IOS, who made these possible with their guidance and direction. I am also thankful and appreciate the efforts put in by each one of you to take IOS to this level.

As I embark upon my new responsibilities, I pledge to take IOS to greater heights and work towards my vision of making IOS, the pinnacle of global Orthodontists space and making the Orthodontics, the most compelling and rewarding profession for the current and future generations.

I understand, this is the time to deliver on the ambitious agenda, I committed to meaningfully contributing towards streamlining some of the critical statutory compliances and strengthening financial status of IOS. I will closely work with the leadership team, my seniors and other fellow orthodontics to make this happen.

Globally, I will also prioritise my agenda on how to equip well our IOS with all necessary infrastructure, latest technologies, and expertise, so that we are able to align ourselves with the direction, the world is moving towards. And within country, I feel this is the high time to work towards strengthening the identity of Orthodontics. I will put in all hard work to ensure that orthodontics treatments is considered within our Health Policy, Researches are promoted and IOS is enlisted under Dept of Science & Technology and ICMR, Govt Of India., where I would like to have you all on board to work along with me.

Working towards revision of Orthodontic curriculum, making IOS conferences more affordable and financial and scientific support for the study groups for academic activities are some of the areas, where I have committed to and will be looking for active participation from all study groups. I will be also closely working with the various Institutions and Practices to plan out and initiate the IOS supported mentoring programs for our young Orthodontist. I really want to make IOS a youth friendly entity and this is only possible when we all work together and put concerted efforts to make this happen. We need fully equipped IOS with all adequate mechanisms and required measures to support our young minds in excelling their knowledge and expertise in the sector. And I will be highly depending upon for your suggestions and support to shape it in real sense.

We all also need to join hands together on generating public awareness campaign to promote Orthodontics and plan well thought out strategy for aggressive action on addressing unethical direct to home online Aligners.

We have lots in hand and I base my confidence on each one of you to make this vision a reality. I feel a team is like a toolset; not one tool can do all the jobs, but together it can, so let's join our hands together to work with team spirit in the day-to-day functioning of our organization and for the well-being of the society.

Let's take our IOS to the greater heights of success and work together to overcome all obstacle and make it do-able for our own organization. With your vote, you have expressed your trust in me, and I intend to uphold it.

Once again thank you for your overwhelming support and granting me this ambitious opportunity to serve IOS. I believe and I intend to represent each one of you with 100% commitment while serving IOS as HON SECRETARY

Sincerely,

**Prof. (Dr.) Sanjay Labh**

Hon. Secretary, IOS

# Editor's Message

Respected IOS members

I hope you all are well, staying safe and healthy!!

It is my absolute privilege and honour to be elected as the Editor of IOS times.

I, Dr. Santosh Ramegowda sincerely thank you all for the support, confidence and trust bestowed upon me. I am deeply overwhelmed with your support and love.

The former Editorial team under Dr.M.S.Kannan has already set a benchmark and this imposes a huge responsibility on me and my team. But I assure you that we would serve you with best of our abilities and uphold the standards of IOS globally and you WILL wait for each issue as impatiently as before!!

As Frank Sinatra once said

“The best is yet to come”

I am truly focused to make my visions come true. The visions I have for the IOS Times now is a holistic one wherein we would try to reach each and everyone in our IOS family.

Our Visions would include:

Vision 1 Scientific updates, Case Reports, Panel Discussion .

Vision 2 Activities-Achievements, Awards, Legends in Orthodontics and Trade to promote Clinical Practice management and Ethical Marketing (PMEM) .

Vision 3 Last but not the least, Orthotainment would be in form of Lifestyle, Travel, Health, which would definitely be a soothing and relaxing corner of the Newsletter.

My team and I are excited, geared up and looking forward to bring the best to you with immense efforts.

I look forward to our association throughout my journey as an editor.

I am glad we are taking the first step during the auspicious 'Navratri' time, and I wish you all a very happy Navratri from IOS Times .

Jai Hind, Jai IOS.

Regards

**Dr. Santosh Ramegowda**

Editor, IOS Times

# PRESIDENT'S MASCOT

## Description of the THEME & LOGO of IOS year 2022-23

The theme of IOS Year 2022- 2023 is

***"Fostering Smiles Globally"***

In the themed art work,

**I** represents the unity & power of Joined Hands.

**O** with a globe and bracked smile in the middle represents Orthodontics Around the Globe.

**S** represents this Magnanimous society.

I (We), every member of Indian Orthodontic Society would foster bonds of friendship & brotherhood, within the society & Orthodontic Societies across the Globe.

The aim is to spread smiles and increase awareness of Orthodontic treatment modalities to the masses

# Wildlife Photography

By Dr. Kuldeep DMello

Dr. Kuldeep DMello was born in 22nd Nov 1973, at Mangalore. He completed his BDS in 1991 and MDS in 1997 from A B Shetty dental college, Mangalore. He is an active academician, an avid traveller, a chef, a musician, a gardener, and a singer, other than a photographer. Kuldeep DMello learnt his photography very early in life under the guidance of his dad Mr Thomas Dmello at the age of 6. His commendable picture was the sunrise shot at Kanyakumari when he was of age 7 on a Nikon FE 2 camera.

He learnt about digital photography under Mr Prasad Pankar in 2005 and then under Mr Ashish Parmar for macro and wildlife photography in 2007. Though he worked for National Geographic and Lonely Planet channel as a freelancer on basically wildlife photography and dental photography in various colleges, his break came in dentistry when Dr Raghunandan Chundari asked him to conduct a workshop on Digital Dental Photography for Post Graduates at PG convention held at Bangalore.

## Work experience

He is a Canon user since 2005 and has taught over 5000 participants so far .

No of workshops conducted so far by Dr. Kuldeep DMello are

- a. Dental photography – 1185,
- b. Wildlife photography - 35,
- c. Macro photography - 18

On an average his dental photography workshops have 40 plus participants, his wildlife workshops have over 25 participants and his macro workshops have over 20 participants. He has worked on Canon cameras and conducts workshops on his own to teach the techniques of photography to students.

## Goals

To be as simple in his workshop as possible so that anybody can learn photography.

## His strong points:

He is easy going, connect well with people, and make participants learn the techniques.

## Achievements

He is a clinician and director for a couple of clinics in Goa mainly doing Aesthetic and implant work for the last 23 years. He caters to a wide clientele from Europe, North America and Australia.

He has been conducting photography courses for amateur photographers and conducts wildlife tours all over India as well as abroad. He has also been conducting digital dental photography workshops for postgraduate students all over India since the year 2002. He has conducted courses at AIIMS Delhi, A B Shetty Mangalore, SDM Dharwad, JSS Mysore, Hazaribagh, Jharkhand, KD Dental College, Mathura, Jodhpur dental college, Jodhpur, Pacific institutes, Udaipur, M S Ramaiah Bangalore, etc. His photographs have been published by many magazines mainly National Geographic and Lonely planet. He also conducts certification courses in A B Shetty dental college, Mangalore under Nitte Education trust in 3 modules. He lives most of the time in jungles. He is very passionate about wildlife and nature. You will never find him without his camera and chasing wild cats which is his passion !!!!
